

THE DAY THE MUSIC BECAME MORE BEAUTIFUL

Introducing LaserStar® Diamante

If you think the Rowe/AMi LaserStar series got attention in the past, wait until you see the Diamante. This new jewel of the LaserStar line is so beautiful it will immediately grab center stage and never get off. This spectacular diamond will play and play to the tune of increased profits. Now, that's a really beautiful sound. See your local Rowe/AMi music operator for details.

LASERSTAR® DIAMANTE CD-100E

LaserStar Diamante's acclaimed title display is designed to merchandise music and stimulate maximum customer play.

- Twelve full-sized CD jackets are displayed beside easy-to-read title strips and highlighted by theatrical halo lighting.
- The motor-driven pages can be flipped by push button controls and will accommodate up to 100 CD albums and title strips.
- In the "attract mode," the title pages turn automatically or move to a specific page number.

Atop the LaserStar Diamante and within a multi-reflective enclosure, a disc rotates in a rainbow of changing colors for dramatically increased excitement and impact.

Set on AUTOPLAY, the LaserStar Diamante automatically plays a random or pre-selected track at specific time intervals.

Integrate the LaserStar Diamante with Rowe/AMI WallStar or Rowe/AMI Walleto units and add the advantage of remote selection to any location.

Equipped with a reliable Rowe Bill Acceptor, the LaserStar Diamante takes \$1 and \$5 bills and is available with a 500 or optional 1000 bill stacker.

LaserStar Diamante's optional remote control is the most advanced available. Remote selection, volume and reject controls are just a few of its features.

The optional printer kit provides full MIS reports that include: cash totals, selection frequency of each track and album, and the condition of every disc. Recommended printers may be purchased in your local marketplace.
