

# GOOD THINGS COME IN SMALL PACKAGES.

**Just 51 discs fill  
Rowe's new LaserStar® CD-51.**

Now you can have all the advantages of the LaserStar in a smaller space: Rowe's new LaserStar CD-51 will fit just about anywhere.

But there's nothing small about the big profits it can make. The LaserStar CD-51 attracts many players with its dramatic title display and rotating CDs — plus the super sound of compact discs.

So tell your Rowe distributor you want the small box with the big profits: the new LaserStar CD-51.

All Rowe jukeboxes are available through your local music and games operator.

# THE LASERSTAR® CD-51 FROM ROWE.

LaserStar CD-51's unique title display is designed to stimulate maximum customer play. Six full-size CD jackets are displayed along with highly-visible title strips, highlighted by theatrical step-framed halo lighting. The motor-driven pages can be flipped by push-button controls to display additional albums and tracks — up to a total of 51 CD albums. In the “attract mode,” the title pages can be set to turn automatically at predetermined intervals, or move to a specific page number.

Two brightly-lit spinning discs rotate in a multi-reflective enclosure, dramatically increasing LaserStar CD-51's impact and excitement.

- **AUTOPLAY:** The LaserStar CD-51 can be programmed to automatically play a random or programmed selection after a specific amount of time has elapsed.
- An entire CD album may be selected when enough credit is given.
- Bill acceptor accepts \$1 and \$5; 500 bill stacker.

Available from your local Rowe/AMI factory-authorized distributor.

The LaserStar CD-51 can be connected to our eye-catching WallStar® units, giving you the added advantages of remote selection in CD sound. Or connect the LaserStar CD-51 to our CD Dancestar

to create non-stop dance music.

The LaserStar CD-51 features a 2½" × 32" easy-to-change panel that can hold a custom sign for promotions, advertising, name of location, etc.
