

THE NOW GENERATION IN CD MUSIC

Now Add CD Music To Your Menu With
The Rowe LaserStar® CD Walleter

Coffee, apple pie and CD music. The American Dream. The Rowe LaserStar® CD Walleter is designed to work with a Rowe CD Hideaway or LaserStar® and will fit most existing brackets.

The Rowe LaserStar® CD Walleter, the latest addition to the Rowe Family of Music, is available from your local music and games operator.

THE CD WALLETTTE FROM ROWE/AMI

There is no need to program each CD WalleTTTE unit. Simply make the CD WalleTTTE's price cards read the same as the parent phonograph series: LaserStar® CD-100, CD-51, CD Hideaway or CD Bubbler. Pricing, lockouts, premiums and most popular selections are controlled by the parent phonograph.

Mechanical nickel, dime, quarter acceptor is standard.

Compatible with electronic coin acceptor.

LED readout above the keyboard indicates:

- Selection Being Made
- Selection Playing
- Selections Remaining

Most popular selection button gives the most popular selections in descending order, according to the parent phonograph's computer.

All money received by each CD WalleTTTE is recorded in the parent phonograph's computer.

Speakers turn off after the final selection made on a CD WalleTTTE is played.

APPEARANCE

The CD WalleTTTE, attractively styled in polar grey and black, is designed to beautifully match any decor.

INSTALLATION REQUIREMENTS

One Rowe #40689101 power supply for each 6 CD WalleTTTEs. Hook-up cable is Belden #8448 or equivalent (8 wires - two #18 and six #22).

CREDIT AND PRICING SYSTEM

Pricing is set at the parent phonograph. As an option, the CD WalleTTTE will accept 4 different coin denominations.
